SURVEY

1. What is your **vision statement** for the Future you want to see in our Region?

Your vision statement is a picture of your landscape and its communities in the future, that answers the question, “**Where do we want to go?**” and “**What do we hope to create?**”

2. What are your **THREE** most preferred topics or subjects for training/learning/information sessions?

Subjects might involve: (a) a short formal course eg chemical users’ permit course, whole farm planning OR (b) informal learning eg seed collection and propagation field session; presentation on carbon farming; agroforestry farm walk.
