

EXPRESSION OF INTEREST

Are you interested in providing habitat for koalas on your property?

Minimising future loss and further degradation of our region's koala population is the focus of this Cool Country Koala project. In addition to our revegetation works, this project includes the installation of 20 koala drinking stations in key areas across the Tenterfield Shire. Landholders, Granite Borders Landcare, GWYMAC Landcare and the Northern Tablelands Local Land Services are working together through funding from the Australian Government's National Landcare Program,
